RULES & REQUIREMENTS

- Ensembles must be repurposed from recycled/unused materials (this excludes accessories and tools such as boning, zippers, buttons, etc.)

- Examples of materials include: old/unused clothing that can be upcycled, plastic, paper, metal, cardboard, etc.

- Outfit must correlate with the theme of Ocean, this includes but is not limited to nautical-themed colors, textures, and elements inspired by the ocean — including plants and animals

RULES & REQUIREMENTS

- Sustainability is the highest measured component on the rubric. outfits that incorporate new fabric/materials bought first-hand will negatively affect your score.
- Participants are required to bring a model if they do not want to model themselves
- A short summary on the ensemble and its designer should be prepared (includes name, school/work, inspiration behind outfit, materials used, how it relates to the theme etc.)
